The Association, the ARC, or any property owner has the right to enforce these Covenants and Restrictions by any proceeding at law or in equity, to require specific conformance to the Covenants, to recover damages, and the expense of such enforcement shall be chargeable to the owner of the property violating these Restrictions.

IV. RECOMMENDATIONS

A. Exterior Lighting

Exterior lighting should not be directed in such a manner as to create an annoyance to neighbors. Walk and driveway lighting should be spaced far enough apart so as to preclude a “runway” effect.

B. Pools

The use of planting in the vicinity of the pool is recommended to soften the effect of sound on the adjacent lots.

C. Trash and Refuse Containers

Trash and refuse containers should be stored so that they cannot be seen from the street and adjacent properties. Such containers should not be placed on the street prior to the night before pick-ups and should be removed on the day of collection.

D. Fences

When proposing fence placement to the front house line, careful consideration should be given to the visual or aesthetic effect this may have on adjacent and surrounding properties. Recommended material for fence construction is wood.

E. Vehicles

Vehicles such as RV's, vans, pick-ups, etc., which are used infrequently should be parked in a manner which will not be unsightly.

F. Equipment

Equipment, e.g., lawnmowers, snowplows, etc. should be stored inside or hidden from view from the street or neighbor.
